Ocular Toxicity Testing**

Staff Presentation: Overview of Draft Summary Review
 Document (SRD) and ICCVAM Draft Recommendations
Panel Discussion
Public Comment
Action: Panel Conclusions and Recommendations

Use of Humane Endpoints to Avoid or Minimize Pain and Distress in Ocular Toxicity Testing

Staff Presentation: Overview of Draft Summary Review
 Document (SRD) and ICCVAM Draft Recommendations
Panel Discussion
Public Comment
Action: Panel Conclusions and Recommendations

**Current Status of *In Vitro* Test Methods for Identifying Mild, Moderate, and Non-Labeled Ocular
Irritants**

The Hen's Egg Test – Chorioallantoic Membrane (HET-CAM) Test Method
Method Description and Overview

5:30 p.m. Adjourn for the Day

*** Note:** *This is a tentative schedule. The actual agenda may vary and it is possible that the panel may progress to the next topic earlier than scheduled, even if listed for the following day.*

Wednesday, May 20, 2009*

8:30 a.m. Call to Order and Introductions

Current Status of *In Vitro* Test Methods for Identifying Mild, Moderate, and Non-Labeled Ocular Irritants

The Hen's Egg Test – Chorioallantoic Membrane (HET-CAM) Test Method (cont.)

Staff Presentation: Overview of Draft Background Review
Document (BRD) and ICCVAM Draft Recommendations
Panel Discussion
Public Comment
Action: Panel Conclusions and Recommendations

The Isolated Chicken Eye (ICE) Test Method

Staff Presentation: Overview of Draft Background Review
Document (BRD) and ICCVAM Draft Recommendations
Panel Discussion
Public Comment
Action: Panel Conclusions and Recommendations

The Isolated Rabbit Eye (IRE) Test Method

Staff Presentation: Overview of Test Method
Recommendations
Panel Discussion
Public Comment
Action: Panel Conclusions and Recommendations

The Bovine Corneal Opacity and Permeability (BCOP) Test Method

Method Description and Overview
Staff Presentation: Overview of Draft Background Review
Document (BRD) and ICCVAM Draft Recommendations
Panel Discussion
Public Comment
Action: Panel Conclusions and Recommendations

The *In Vivo* Low Volume Eye Test

Staff Presentation: Overview of Draft Summary Review
Document (SRD) and ICCVAM Draft Recommendations
Panel Discussion
Public Comment
Action: Panel Conclusions and Recommendations

5:30 p.m. Adjourn for the Day

* **Note:** *This is a tentative schedule. The actual agenda may vary and it is possible that the panel may progress to the next topic earlier than scheduled, even if listed for the following day.*

Thursday, May 21, 2009*

8:30 a.m. Call to Order and Introductions

The Cytosensor Microphysiometer Test Method

Overview of Test Method

Staff Presentation: Overview of Test Method Performance and ICCVAM Draft Recommendations

Panel Discussion

Public Comment

Action: Panel Conclusions and Recommendations

The EpiOcular Test Method

Overview of Test Method

Staff Presentation: Overview of Test Method Performance and ICCVAM Draft Recommendations

Panel Discussion

Public Comment

Action: Panel Conclusions and Recommendations

Strategy for EPA Ocular Hazard Classification and Labeling of Antimicrobial Cleaning Products Using *In Vitro* Alternative Test Methods

Overview of Testing Strategy

Staff Presentation: Overview of Draft Summary Review

Document (SRD) and ICCVAM Draft Recommendations

Panel Discussion

Public Comment

Action: Panel Conclusions and Recommendations

5:30 p.m. Adjourn

* **Note:** *This is a tentative schedule. The actual agenda may vary and it is possible that the panel may progress to the next topic earlier than scheduled, even if listed for the following day.*
