

## **APPENDICES**

- I. Protocol and Amendments (Available Upon Request)
- II. Protocol Deviations (Available Upon Request)
- III. Animal Room Temperature and Humidity Reports (Available Upon Request)
- IV. Chemistry Report
- V. Diet Preparation Report
- VI. Microbiology Report
- VII. Study Definitions (Available Upon Request)
- VIII. Randomization Plan (Available Upon Request)
- IX. Notes to Study File (Available Upon Request)
- X. Clinical Pathology Methods (Available Upon Request)
- XI. Pathology Report
- XII. Statistical Analysis of Pre-Mating Body Weights –Females and Males
- XIII. Statistical Analysis of Pre-Mating Food Consumption – Females and Males
- XIV. Statistical Analysis of Gestational Body Weights - Females
- XV. Statistical Analysis of Gestational Food Consumption - Females
- XVI. Statistical Analysis of Post-Mating Body Weights - Males
- XVII. Statistical Analysis of Post-Mating Food Consumption - Males
- XVIII. Statistical Analysis of Organ Weights – Females and Males
- XIX. Statistical Analysis of Vaginal Cytology
- XX. Statistical Analysis of Reproductive Parameters
- XXI. Statistical Analysis of Pregnancy Parameters
- XXII. Statistical Analysis of Sperm Parameters
- XXIII. Statistical Analysis of Hematology/Clinical Chemistry Parameters – Females and Males
- XXIV. Statistical Analysis of Histopathology – Females and Males
