Peer Review of the Draft NTP Technical Reports on Cell Phone Radiofrequency Radiation

National Institute of Environmental Health Sciences
Research Triangle Park, NC
March 26-28, 2018
Peer Review Format: Day 1

- NTP staff or technical expert present an overview of the exposure system used in the NTP studies on cell phone radiofrequency radiation (RFR)
  - Opportunity for questions of clarification from panel to NTP staff or technical expert

- Identification of written public comments and presentation of oral public comments (in-person)
  - 5 min/speaker; 1 speaker/organization; multiple speakers share time
  - Opportunity for questions by panel to public speaker

- Each assigned reviewer presents their peer review comments
  - NTP staff or technical expert responds to reviewer’s comments

- Additional comments and general discussion by panel
  - NTP staff or technical expert responds to comments
  - Members from Panel 2 are invited to ask questions

- Chair briefly summarizes main points from the discussion
Public Comment Format

• Written comments
  – Chair acknowledges submitted comments

• Oral comments
  – 5 minutes per registered speaker, 1 speaker per organization
    • If desired, panelists may ask a public speaker for clarifications, additional information, or general questions.
  – Speakers asked to go to the podium, introduce themselves, state their affiliation, and whether they are speaking on behalf of anyone
  – Registered speakers for Session 1: Reverberation Chamber Exposure System will present oral comments on Day 1
  – Registered speakers for Session 2: Peer Review of NTP Findings in Rats and Mice will present oral comments on Day 2
