

# Peer Review of the Draft NTP Technical Reports on the Toxicology and Carcinogenesis Studies of 2-Hydroxy-4-methoxybenzophenone and Perfluorooctanoic Acid

National Institute of Environmental Health Sciences  
Webcast

December 12, 2019

# Peer Review Format

- NTP staff present an overview of each draft report and its findings and conclusions
  - Opportunity for questions of clarification from panel to NTP staff
- Identification of written public comments and presentation of oral public comments (by telephone)
  - 5 min/speaker/report; 1 speaker/organization/report; multiple speakers share time
  - Opportunity for questions by panel to public speaker
- Each assigned reviewer presents their peer review comments
  - NTP staff responds to reviewer's comments
- Additional comments and general discussion by panel
  - NTP staff responds to comments
- Panel votes on draft NTP conclusions
  - Chair asks for a motion and a second to the motion
  - Panel votes by verbal acknowledgement
  - Individuals who vote no or abstain state “why” for the record
