submitted or for its use of that information.

Dated: October 27, 2016.

Linda S. Birnbaum,
Director, National Institute of Environmental Health Sciences and National Toxicology Program.

FOR FURTHER INFORMATION CONTACT: Questions or comments concerning the 14th RoC should be directed to Dr. Lunn (see ADDRESSES).

SUPPLEMENTARY INFORMATION:

Background Information on the RoC

The RoC is a congressionally mandated document that identifies and discusses agents, substances, mixtures, or exposure circumstances (collectively referred to as “substances”) that may pose a hazard to human health because of their carcinogenicity. Substances are listed in the report as either known or reasonably anticipated to be human carcinogens. The listing of a substance in the RoC indicates a potential hazard, but does not establish the exposure conditions that pose a cancer hazard to individuals in their daily lives. For each listed substance, the RoC provides information from cancer studies that support the listing, as well as information about potential sources of exposure and current federal regulations to limit exposures. Each edition of the RoC is cumulative, that is, it lists newly reviewed substances in addition to substances listed in the previous edition. Information about the RoC is available on the RoC Web site (http://ntp.niehs.nih.gov/go/roc) or by contacting Dr. Lunn (see ADDRESSES).

NTP prepares the RoC on behalf of the Secretary of Health and Human Services. For the 14th RoC, NTP followed an established, multi-step process with multiple opportunities for public input, and used established criteria to evaluate the scientific evidence on each candidate substance under review (http://ntp.niehs.nih.gov/go/rocprocess).

New Listings in the 14th RoC: The 14th RoC contains 248 listings, some of which consist of a class of structurally related chemicals or agents. There are six new listings and one revised listing in this edition. The revised listing is for trichloroethylene, which was previously listed as reasonably anticipated to be a human carcinogen and is now listed as known to be a human carcinogen. Five of the new listings are in the category of known to be a human carcinogen: Epstein Bar virus, Kaposi sarcoma-associated herpesvirus, human T-cell lymphotropic virus type 1, human immunodeficiency virus-type 1, and Merkel cell polyomavirus. The new listing in the category of reasonably anticipated to be a human carcinogen is for cobalt and cobalt compounds that release cobalt ions in vivo.

National Institutes of Health

National Toxicology Program Board of Scientific Counselors; Announcement of Meeting; Request for Comments

SUMMARY: This notice announces the next meeting of the National Toxicology Program (NTP) Board of Scientific Counselors (BSC). The BSC, a federally chartered, external advisory group composed of scientists from the public and private sectors, will review and provide advice on programmatic activities. The meeting is open to the public except for parts that are closed, as indicated on the agenda. Registration is requested for both attendance and oral comment and required to access the webcast. Information about the meeting and registration are available at http://ntp.niehs.nih.gov/go/165.

DATES: Meeting: December 14–15, 2016, 8:30 a.m. Eastern Standard Time (EST) on both days and continues to adjourn.

Written Public Comment Submissions: Deadline is November 30, 2016.

Registration for Oral Comments: Deadline is December 7, 2016.

Registration to Attend and/or View Webcast: Deadline is December 15, 2016. Registration to view the meeting via the webcast is required.

ADDRESSES: Meeting Location: Rodbell Auditorium, Rull Building, National Institute of Environmental Health Sciences (NIHES), 111 T.W. Alexander Drive, Research Triangle Park, NC 27709.

Meeting Web page: The preliminary agenda, registration, and other meeting materials are at http://ntp.niehs.nih.gov/go/165.

Webcast: The meeting will be webcast on December 15; the URL will be provided to those who register for viewing.

FOR FURTHER INFORMATION CONTACT: Dr. Lori White, Designated Federal Officer for the BSC, Office of Liaison, Policy, and Review, Division of NTP, NIHES, P.O. Box 12233, K2–03, Research Triangle Park, NC 27709. Phone: 919–541–9834, Fax: 301–480–3272, Email: whiteld@niehs.nih.gov. Hand Deliver/Courier address: 530 Davis Drive, Room K2124, Morrisville, NC 27560.

SUPPLEMENTARY INFORMATION: Meeting and Registration: Parts of the meeting are open to the public as indicated on the agenda; in-person attendance at NIHES is limited only by the space available. Parts of the meeting...
are closed to the public as indicated on the agenda in accordance with the provisions set forth in section 552(c)(6), Title 5 U.S.C., as amended, for the review, discussion, and evaluation of individual intramural programs and projects conducted by the NIEHS, including consideration of personnel qualifications and performance, and the competence of individual investigators, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

The BSC will provide input to the NTP on programmatic activities and issues. Preliminary agenda topics include: Reports from the NIEHS/NTDP Director and the NTP Associate Director, updates on projects and recent meetings, a report on release of the 14th Report on Carcinogens, and draft concepts for substances nominated for the Report on Carcinogens.

A preliminary agenda, roster of BSC members, background materials, public comments, and any additional information, when available, will be posted on the BSC meeting Web site (http://ntp.niehs.nih.gov/go/165) or may be requested in hardcopy from the Designated Federal Officer for the BSC. Following the meeting, summary minutes will be prepared and made available on the BSC meeting Web site.

The public may attend the open portions of the meeting in person on both days or view the webcast on December 15. Registration is required to view the Web cast; the URL for the webcast will be provided in the email confirming registration. Individuals who plan to provide oral comments (see below) are encouraged to register online at the BSC meeting Web site (http://ntp.niehs.nih.gov/go/165) by December 7, 2016, to facilitate planning for the meeting. Individuals interested in this meeting are encouraged to access the Web site to stay abreast of the most current information regarding the meeting. Visitor and security information for those attending in person is available at ntp.niehs.nih.gov/about/visiting/index.cfm. Individuals with disabilities who need accommodation to participate in this event should contact Ms. Robbin Guy at phone: (919) 541–4363 or email: guyr2@niehs.nih.gov. TTY users should contact the Federal TTY Relay Service at 800–877–8339. Requests should be made at least five business days in advance of the event.

Request for Comments: Written comments submitted in response to this notice should be received by November 30, 2016, and will be posted on the BSC meeting Web site and persons submitting them will be identified by their name, affiliation, and sponsoring organization, if applicable. Persons submitting written comments should include their name, affiliation (if applicable), phone, email, and sponsoring organization (if any) with the document. Guidelines for public comments are at http://ntp.niehs.nih.gov/ntp/about_ntp/guidelines_public_comments_508.pdf.

Time is allotted during the meeting, as indicated on the agenda, for the public to present oral comments to the BSC on the agenda topics. Public comments can be presented in-person at the meeting or by teleconference line. There are 50 lines for this call; availability is on a first-come, first-served basis. The lines will be open on December 15 from 8:30 a.m. until adjournment; however, the BSC will receive public comments only during the formal public comment periods, which are indicated on the preliminary agenda. Each organization is allowed one time slot per agenda topic. Each speaker is allotted at least 7 minutes, which if time permits, may be extended to 10 minutes at the discretion of the BSC chair. Please note that the time limit may be modified depending on the number of individuals who register for oral comments. Persons wishing to present oral comments should register on the BSC meeting Web site by December 7, 2016, indicate whether they will present comments in-person or via the teleconference line, and indicate the topic(s) on which they plan to comment. The access number for the teleconference line will be provided to registrants by email prior to the meeting. On-site registration for oral comments will also be available on the meeting day, although time allowed for comments by these registrants may be limited and will be determined by the number of persons who register at the meeting.

Persons registering to make oral comments are asked to send a copy of their statement and/or PowerPoint slides to the Designated Federal Officer by December 7, 2016. Written statements can supplement and may expand upon the oral presentation. If registering on-site and reading from written text, please bring 20 copies of the statement for distribution to the BSC and NTP staff and to supplement the record.

Background Information on the BSC: The BSC is a technical advisory body comprised of scientists from the public and private sectors that provides primary scientific oversight to the NTP. Specifically, the BSC advises the NTP on matters of scientific program content, both present and future, and conducts periodic review of the program for the purpose of determining and advising on the scientific merit of its activities and their overall scientific quality. Its members are selected from recognized authorities knowledgeable in fields such as toxicology, pharmacology, pathology, biochemistry, epidemiology, risk assessment, carcinogenesis, mutagenesis, molecular biology, behavioral toxicology, neurotoxicology, immunotoxicology, reproductive toxicology or teratology, and biostatistics. Members serve overlapping terms of up to four years. The BSC usually meets biannually. The authority for the BSC is provided by 42 U.S.C. 217a, section 222 of the Public Health Service Act (PHS), as amended. The BSC is governed by the provisions of the Federal Advisory Committee Act, as amended (5 U.S.C. app.), which sets forth standards for the formation and use of advisory committees.

Dated: October 27, 2016.

Linda S. Birnbaum, Director, National Institute of Environmental, Health Sciences and National Toxicology Program.

Federal Emergency Management Agency

[Internal Agency Docket No. FEMA–4283–DR; Docket ID FEMA–2016–0001]

Florida; Amendment No. 2 to Notice of a Major Disaster Declaration

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice amends the notice of a major disaster declaration for the State of Florida (FEMA–4283–DR), dated October 8, 2016, and related determinations.

DATES: Effective Date: October 19, 2016.

SUPPLEMENTARY INFORMATION: The notice of a major disaster declaration for the State of Florida is hereby amended to include the following areas among those areas determined to have been adversely affected by the event declared a major disaster by the President in his declaration of October 8, 2016.
