

comprised of representatives from academia, industry, and government.

**Webinar and Registration:** The webinars are open to the public, free of charge, with attendance limited only by available webcasting capacity.

Individuals who plan to attend the first webinar should register at <http://ntp.niehs.nih.gov/go/zfweb-2017> by February 2, 2017. Subsequent webinars will be presented on February 16 and March 2; registration for any webinar will automatically register the participant for all subsequent webinars. Interested individuals are encouraged to visit <http://ntp.niehs.nih.gov/go/zfweb-2017> to stay abreast of the most current information about the webinar series.

Individuals with disabilities who need accommodation to participate in this event should contact Dr. Elizabeth Maull at telephone: (919) 316-4668 or email: [maull@niehs.nih.gov](mailto:maull@niehs.nih.gov). TTY users should contact the Federal TTY Relay Service at (800) 877-8339. Requests should be made at least five business days in advance of the event.

**Background Information on NICEATM:** NICEATM conducts data analyses, workshops, independent validation studies, and other activities to assess new, revised, and alternative test methods and strategies. NICEATM also provides support for the Interagency Coordinating Committee on the Validation of Alternative Methods (ICCVAM). The ICCVAM Authorization Act of 2000 (42 U.S.C. 2851-3) provides authority for ICCVAM and NICEATM in the development of alternative test methods. Information about NICEATM and ICCVAM is found at <http://ntp.niehs.nih.gov/go/niceatm> and <http://ntp.niehs.nih.gov/go/iccvam>, respectively.

Dated: December 20, 2016.

### National Institutes of Health

#### National Institute of Allergy and Infectious Diseases; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections

552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The contract proposals and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the contract proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

**Name of Committee:** National Institute of Allergy and Infectious Diseases Special Emphasis Panel; NIAID Peer Review Meeting.

**Date:** January 25, 2017.

**Time:** 11:00 a.m. to 5:00 p.m.

**Agenda:** To review and evaluate contract proposals.

**Place:** National Institutes of Health, 5601 Fishers Lane, Rockville, MD 20892, (Telephone Conference Call).

**Contact Person:** Susana Mendez, DVM, Ph.D., Scientific Review Officer, Scientific Review Program, Division of Extramural Activities, Room 3G53B, National Institutes of Health, NIAID, 5601 Fishers Lane Dr., MSC 9823, Bethesda, MD, 20892-9823, (240) 669-5077, [mendezs@niaid.nih.gov](mailto:mendezs@niaid.nih.gov).

**Name of Committee:** National Institute of Allergy and Infectious Diseases Special Emphasis Panel; NIAID Peer Review Meeting.

**Date:** January 26-27, 2017.

**Time:** 11:00 a.m. to 5:00 p.m.

**Agenda:** To review and evaluate contract proposals.

**Place:** National Institutes of Health, 5601 Fishers Lane, Rockville, MD 20892 (Telephone Conference Call)

**Contact Person:** Susana Mendez, DVM, Ph.D., Scientific Review Officer, Scientific Review Program, Division of Extramural Activities, Room 3G53B, National Institutes of Health, NIAID, 5601 Fishers Lane Dr. MSC 9823, Bethesda, MD 20892-9823, (240) 669-5077, [mendezs@niaid.nih.gov](mailto:mendezs@niaid.nih.gov).

#### Interagency Coordinating Committee on the Validation of Alternative Methods Communities of Practice Webinar on Incorporating Chemical Information: Resources, Limitations, and Characterizing the Domain of Applicability for 21st Century Toxicity Testing; Notice of Public Webinar; Registration Information

**SUMMARY:** The Interagency Coordinating Committee on the Validation of Alternative Methods (ICCVAM) announces a public webinar "Incorporating Chemical Information: Resources, Limitations, and Characterizing the Domain of Applicability for 21st Century Toxicity Testing." The webinar is organized on behalf of ICCVAM by the National Toxicology Program Interagency Center for the Evaluation of Alternative Toxicological Methods (NICEATM), National Institute of Environmental Health Sciences, and hosted by the U.S. Environmental Protection Agency's National Center for Computational

Toxicology. Interested persons may participate via Adobe Connect. Time will be allotted for questions from the audience.

**DATES:** *Webinar:* January 24, 2017, 1:00 p.m. to approximately 2:30 p.m. Eastern Standard Time (EST).

*Registration for Webinar:* Registration is open through 2:30 p.m. on January 24, 2017.

**ADDRESSES:** *Webinar Web page:* <http://ntp.niehs.nih.gov/go/commprac-2017>.

**FOR FURTHER INFORMATION CONTACT:** Dr. Warren Casey, Director, NICEATM; email: [warren.casey@nih.gov](mailto:warren.casey@nih.gov); telephone: (919) 316-4729.

**SUPPLEMENTARY INFORMATION:**

*Background:* ICCVAM promotes the development and validation of toxicity testing methods that protect human health and the environment while replacing, reducing, or refining animal use. ICCVAM also provides guidance to test method developers and facilitates collaborations that promote the development of new test methods. To address these goals, ICCVAM will hold a Communities of Practice webinar on "Incorporating Chemical Information: Resources, Limitations, and Characterizing the Domain of Applicability for 21st Century Toxicity Testing."

This webinar will emphasize the importance of understanding the structural and functional diversity of chemicals used in developing and validating alternative approaches to traditional *in vivo* toxicology test methods. It will also feature next generation cheminformatics techniques, which are being used to fully characterize chemical lists, and highlight case studies where such techniques have been successfully applied.

The ICCVAM webinar will feature presentations by two experts on characterizing the domain of applicability for validation of high throughput test methods and strategies. The preliminary agenda and additional information about presentations will be posted at <http://ntp.niehs.nih.gov/go/commprac-2017> as available.

*Webinar and Registration:* This webinar is open to the public with time scheduled for questions by participants following each presentation. Registration for the webinar is required and is open through 2:30 p.m. on January 24, 2017. Registration is available at <http://ntp.niehs.nih.gov/go/commprac-2017>. Registrants will receive instructions on how to access and participate in the webinar in the email confirming their registration. Interested individuals are encouraged to

visit this Web page to stay abreast of the most current webinar information.

Individuals with disabilities who need accommodation to participate in this event should contact Cameron Clark at phone: (919) 541-4086 or email: [clark.cameron@epa.gov](mailto:clark.cameron@epa.gov). TTY users should contact the Federal TTY Relay Service at (800) 877-8339. Requests should be made at least five business days in advance of the event.

*Background Information on ICCVAM and NICEATM:* ICCVAM is an interagency committee composed of representatives from 15 federal regulatory and research agencies that require, use, generate, or disseminate toxicological and safety testing information. ICCVAM conducts technical evaluations of new, revised, and alternative safety testing methods and integrated testing strategies with regulatory applicability and promotes the scientific validation and regulatory acceptance of testing methods that more accurately assess the safety and hazards of chemicals and products and replace, reduce, or refine (enhance animal well-being and lessen or avoid pain and distress) animal use. The ICCVAM Authorization Act of 2000 (42 U.S.C. 285l-3) establishes ICCVAM as a permanent interagency committee of the National Institute of Environmental Health Sciences and provides the authority for ICCVAM involvement in activities relevant to the development of alternative test methods. ICCVAM acts to ensure that new and revised test methods are validated to meet the needs of federal agencies, increase the efficiency and effectiveness of federal agency test method review, and optimize utilization of scientific expertise outside the federal government. Additional information about ICCVAM can be found at <http://ntp.niehs.nih.gov/go/iccvam>.

NICEATM administers ICCVAM, provides scientific and operational support for ICCVAM-related activities, and conducts and publishes analyses and evaluations of data from new, revised, and alternative testing approaches. NICEATM and ICCVAM work collaboratively to evaluate new and improved testing approaches applicable to the needs of U.S. federal agencies. NICEATM and ICCVAM welcome the public nomination of new, revised, and alternative test methods and strategies for validation studies and technical evaluations. Additional information about NICEATM can be found at <http://ntp.niehs.nih.gov/go/niceatm>.
