Public Health Service

National Toxicology Program; Board of Scientific Counselors Meeting

Pursuant to Pub. L. 92-463, notice is hereby given of the meeting of the National Toxicology Program Board of Scientific Counselors, U.S. Public Health Service, in the Conference Center, Building 101, South Campus, National Institute of Environmental Health Sciences, Research Triangle Park, North Carolina, on March 28, 1985.

The meeting will be open to the public from 1:30 p.m. until adjournment for the purpose of providing peer review of the data regarding carcinogenicity from lifetime studies in which irradiated chicken was fed to CD-1 mice. The studies were sponsored initially by the U.S. Army and subsequently by the U.S. Department of Agriculture, conducted by Raltech Scientific, Inc., and submitted to the Food and Drug Administration (FDA) for their review. The review was requested by the Center for Food Safety and Applied Nutrition, FDA, and will be conducted by the Technical Reports Review Subcommittee of the Board in

conjunction with an *ad hoc* panel of experts.

The meeting will commence with a brief overview of the studies. This will be followed with presentations by scientific staff from the Center for Food Safety and Applied Nutrition concerning the pathology findings. Sufficient time will be allowed for public comment.

The Executive Secretary, Dr. Larry G. Hart, Office of the Director, National Toxicology Program, P.O. Box 12233, Research Triangle Park, North Carolina 27709, telephone (919) 541-3971, FTS 629-3971, will furnish program information prior to the meeting and summary minutes subsequent to the meeting.

Dated: February 15, 1985.

DEPARTMENT OF THE INTERIOR

Office of the Secretary

Final Determination To Extend Certification of No Adverse Impact on Theodore Roosevelt National Park and Lostwood National Wildlife Refuge Under Section 165(d)(2)(C)(iii) of the Clean Air Act

AGENCY: Department of the Interior.

ACTION: This notice announces the Federal Land Manager's final determination to extend the September 1982 certification of no adverse impact under section 165(d)(2)(C)(iii) of the Clean Air Act with respect to two Prevention of Significant Deterioration permits under consideration for extension by the North Dakota State Department of Health.

SUMMARY: On September 20, 1982 (47 FR 41480), the Department of the Interior announced the final determination made by the Federal Land Manager of Theodore Roosevelt National Park and Lostwood National Wildlife Refuge that five proposed sources in North Dakota subject to Prevention of Significant Deterioration of air quality requirements (PSD) would not adversely affect the resources of the park and refuge (wilderness portion). The Federal Land Manager made the final determination after full consideration of the best available information and the public comments received on the issues involved. On January 12, 1983, the North Dakota State Department of Health (NDSHD) issued Air Pollution Control Permits to Construct to four of these sources.
